Dear Mr. Miller,

On Friday, April 29, 2005 one of our community members was reported as missing by her family. Your organization was contacted and immediately responded with a search team and air support. Your team graciously devoted many hours and valuable resources in assisting our agency in the location of one of our citizens.

Although the outcome was not as we had hoped, the Bryan Police Department very much appreciated your support and time. Your organization's dedication and service to the community was exemplary.

Sincerely,

Donna S. Richardson, Lieutenant  
Criminal Investigation Division  
Bryan Police Department
