Dear Tim Miller, Director/Founder:

On the night of March 14, 2007, a tragic boat accident on Clinton Lake took three lives from three generations of the Richard Hunter family of Normal, Illinois. A wealth of resources was tapped in efforts to recover their bodies; particularly that of Kalin, age eight. Your organization's assistance was a valuable part of that mission.

I am writing, on behalf of the Illinois Department of Natural Resources (IDNR), to express our profound gratitude for your time, efforts, expertise, and generosity. Your involvement with the recovery team served a significant role in accomplishing the goal of bringing some closure to the Hunter family.

Again, thank you for your assistance.

Sincerely,

Rafael Gutierrez, Acting Director
Office of Law Enforcement
Illinois Conservation Police
