Dear Mr. Miller,

Recently, the city of New Orleans helped us immensely during a most difficult time. After a four-day search, the body of our friend and colleague Douglas N. Schantz was recovered from the Mississippi River. Doug was a well-liked and well-respected leader of Sequent Energy Management employees. He will be deeply missed at AGL Resources and Sequent.

We're extremely grateful to the volunteers of Texas EquuSearch who played an invaluable role in the search for Doug, and we offer you our heartfelt thanks. Your organization did a remarkable job in assisting us and the law enforcement agencies. Your responsiveness, professionalism and level of resources deployed are appreciated more than we can express.

Sincerely,

c: Governor Bobby Jindal
Mayor C. Ray Nagin
Lt. Governor and New Orleans Mayor-elect Mitch Landrieu
