**1 Police memorial Circle Covington KY, 41011**

---

To whom this may concern,

My name is Bryan Frodge. I am a 17 year Police officer and detective with the Covington Police Department located in Northern KY. I am writing this letter to personally accommodate the services that I have been fortunate enough to receive from the Texas Equusearch Team. In late 2010, I was assigned to work an extremely complex missing person's case involving a young female named Paige Johnson. During the course of the investigation, I was contacted by members of the TX Equusearch Team. Shortly thereafter, I was met by Tim Miller, and one of his assistants, Dave Rader.

I cannot express in words how grateful that I am to these men and their team. They truly define the term professionalism both in their attitudes and their work. From the beginning of our contact, to the present day, the team has worked with myself and The Covington Police Department. They truly understand the elements of this type of investigation and have never once attempted to do anything other than lend support, aid, equipment, resources, manpower, and time. These men, as well as their team, have my utmost respect and sincere gratitude. I only wish that I was able to thank each and everyone from their team personally. I would be more than happy to give these men and their team a reference to any law enforcement agency that finds themselves involved with similar investigations in the future. Again, thank you Dave and Tim for your time, commitment, and services. It is much appreciated. Please extend my gratitude to each and every member of your team. You are true heroes in my book.

Sincerely,

Detective Bryan Frodge
