Dear Mr. Rader:

I wanted to take this opportunity to thank you and your members for coordinating and handling all the search efforts from Saturday June 1, 2013 to Tuesday June 4, 2013 pertaining to the Thomas "Zack" Bunker investigation.

Lt. Thomas Fallon stated that the use of ultra light planes and horses for the search along with massive amounts of volunteers were a blessing and made our focus on the investigation, not the search.

Again, I wish to extend a sincere thanks to you and the members of your organization for your dedication to professionalism and fast response to our call for assistance.

Sincerely,

William F. Kramer
Chief of Police
