TO: Texas EquuSearch Mounted Search and Recovery Team
FROM: Detective Steve Rogers
RE: Search conducted 9/29/12
DATE: October 10, 2012

On 2/5/09 our agency opened a missing persons report on William Charles Jones, case number 2009-000513. The case was investigated in September of this year by two detectives not assigned in 2009. Several searches were conducted in 2009 with negative findings.

It was decided by detectives that a new search needed to be conducted. We have never used your agency, but we were aware of the great service you provide. I made contact with David Raider of your company. I was very pleased when we talked on the phone, and then when I met him in person.

David was able to compile a team of eleven searchers, for a search on 9/29/12. All searchers arrived on time, and a search plan was implemented. The search lasted approximately five hours, with findings of a few bones. The bones later were identified to be animal bones.

This is just one step we have to take on the case, towards a conclusion. I thank you for the fine volunteers that your company uses. They showed up ready to work, and showed compassion for this missing man.

If there is anything we can do to help your company in the future, don't hesitate to call. Once again, thank you for what you do.

Sincerely,

Detective Steve Rogers
