###

Texas EquuSearch started in August 2000 with the purpose to provide Volunteer Horse Mounted Search and Recovery for Lost and Missing persons. The Team was started in the North Galveston County area because of the high incidence of missing persons in the largely undeveloped area of South Harris and North Galveston Counties. With this in mind, the team's existence and purpose is dedicated to the memory of Laura Miller, the daughter of our founding director, Tim Miller. Laura was abducted and murdered in north Galveston County in 1984. Our team is composed of volunteers of various experiences, with many being experienced horse owners.

Texas EquuSearch is a 501(c)(3) nonprofit organization funded solely by donations.
